

Help that works.

The Lake County Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Board

We plan, fund, monitor and evaluate Lake County's mental health and addiction recovery services.

We facilitate treatment for Lake County residents who have a mental illness and/or addiction disorder. We facilitate support for their family members.

We fund and lead Lake County's Opiate Task Force and Suicide Prevention Coalition. We fund our local Crisis Hotline and Trauma Response Team. We provide special training for police, fire, and other first responders. We provide after-hours and weekend services to assist victims of violent crimes.

We fund 24/7 services at LakeHealth's Emergency Departments in Willoughby and Concord to help those experiencing a mental health crisis.

We rely on the help of Lake County taxpayers to make our vital work possible — thank you for your support!
